OFFICE OF PYR,  
DEAR SIR

LETTER FOR APPOINTMENT

sir,this is to let you know the critical situation the federal agents have been facing this period of election in the federal wing,from june 3 last session after the relieve call from the governor of the state there has been alot of setback in the system starting with the disapproval from the CIA and NSA ,the agency has been working so hard to see to assignment but have been in lack of some amenities .

we would love to seek request that a new propaganda should start and three secret agents called upon should be appointed the place of the following post listed in the last letter,also the presidential convoy should be increased this rally at ohio ;from intel many threats has been received this weekend ranging from international allice to terriost within the country.

On behalf of the committee we ask that something fast should be done .Thanks
